Sentinel Platform

Workflow & Integration Diagram

Gujarat Police Innovation Challenge 2026
Generated 2026-10-01
Both diagrams are printed unchanged from docs/ — see the source note under each.

System Integration Diagram

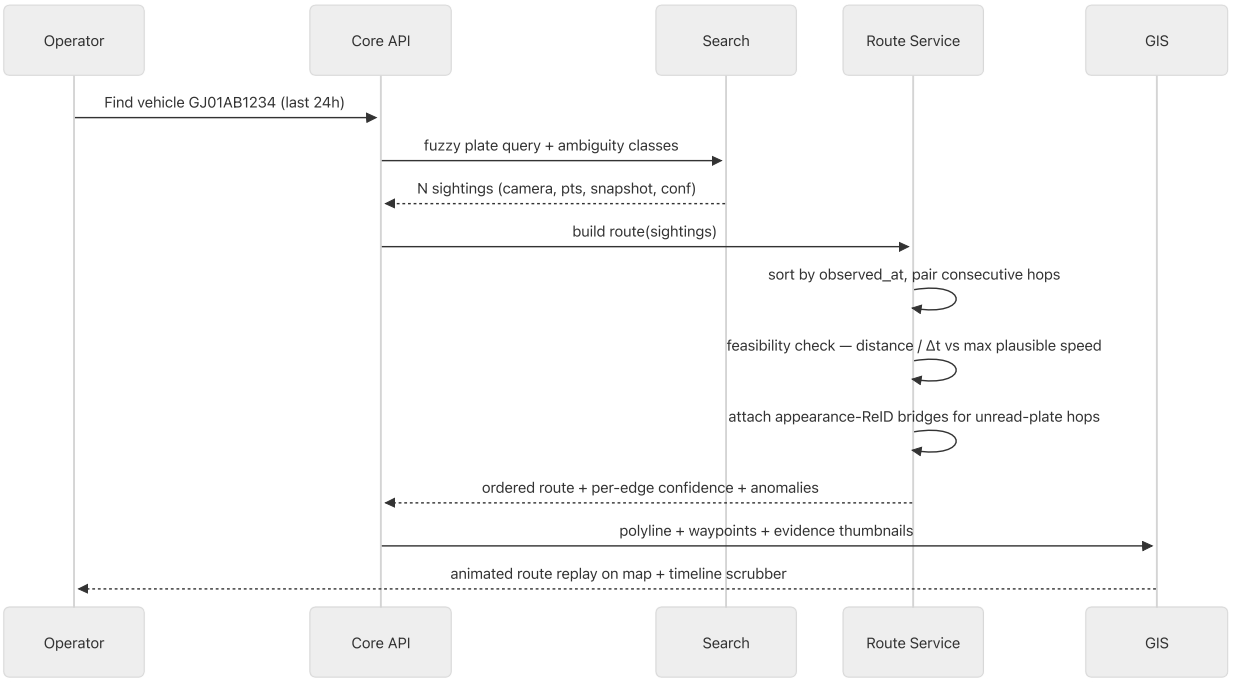

The load-bearing idea: *video stays local, meaning travels.* An ANPR event is ~1 KB of JSON plus a ~30 KB snapshot. A 1080p stream is 2 Mbps. Everything in the design follows from that ratio.

Vehicle Tracking Workflow

How a registration plate query becomes a mapped, timestamped route: search, feasibility-checked hop ordering, and replay.
